

Continuing Dental Education Units:

You will earn a total of 6.5 CEUs for attending this program. IUSD is an ADA CERP and an AGD Accepted Fellowship/Mastership National Sponsor. Contact IUSD CE at dsce@iupui.edu or 317-278-9002 for questions.

Disclosure Statement

In accordance with the ADA CERP Standards for Commercial or Promotional Conflict of Interest, educational programs sponsored by Indiana University School of Dentistry must demonstrate balance, independence, objectivity, and scientific rigor. Speakers are required to disclose any relevant financial interest or other relationship with the manufacturers of any commercial product(s) and/or provider(s) of commercial services that are discussed in an educational activity. Sponsorship of a continuing education program by Indiana University School of Dentistry does not necessarily imply endorsement of a particular philosophy, procedure, or product by this institution. Note: While it offers CE credits, this activity is not intended to provide extensive training or certification in the field.

Cosponsored by The Indiana Section of the American College of Dentists and the IUSD Laskin Lecture Series.

To Register, please go to:

Clinical Workflows for Digital Dentures: Scanning, Milling & Printing

Presented by Dr. Brian J. Goodacre

Since the introduction of digital dentures, many aspects have improved. Such improvements include streamlined workflows, easy to use software, and new and improved manufacturing techniques. This presentation will demonstrate the clinical workflows and discuss the benefits and limitations of using these emerging techniques. Additionally, it is widely known that 3D printed complete dentures are becoming a viable option, but how do they compare to milled dentures? This lecture will compare the physical properties of milled and printed complete dentures to help determine their best applications.

Learning Objectives:

- Review clinical workflows for digital dentures
- Discuss how to utilize intraoral scanners to streamline your digital denture workflow
- Compare 3D printed and milled denture properties

Dr. Brian J. Goodacre received his DDS degree from Loma Linda University School of Dentistry in 2013. He completed a four-and-a-half-year combined program in Prosthodontics and Implant Dentistry at Loma Linda University School of Dentistry in 2017, earning an MSD degree. He is a board-certified prosthodontist and the director of clinical technologies for Nobel Biocare North America. He is an adjunct professor at Loma Linda University School of Dentistry providing lectures to both dental and graduate students.

Dr. Goodacre lectures both nationally and internationally on topics related to digital dentistry, prosthodontics, and implant dentistry. Additionally, he has published over twenty articles in peer-reviewed journals and contributed to 6 textbook chapters. He maintains a private practice located in Upland, California where he practices with his father and classmate.

DANIEL M. LASKIN PROFESSIONAL ETHICS LECTURES

11:30 am -12:30 pm

1 CEUs

IN Dental Law Update

Presented by Ted Reese, DDS

Dr. Reese is an OKU graduate of IUSD and has been practicing full time in Indiana while being heavily involved in clinical education and in service to several professional organizations. Dr. Reese has obtained his Fellowship and Mastership in the Academy of General Dentistry as well as a Life Long Learning award and is a Fellow of the American College of Dentists.

Sustainability in Dentistry: Progressing oral healthcare through an eco-conscious lens

Presented by Toni M. Roucka, RN, DDS, MA, FACD

As oral healthcare professionals, it is crucial to recognize the environmental impact of dental practice and develop strategies to minimize our ecological footprint. This lecture will explore the intersection of dental ethics and environmental responsibility, equipping dental professionals with the knowledge and tools to promote sustainable practices in oral healthcare. This lecture will include case studies, and interactive discussions to engage participants in a dynamic learning experience focusing on the fact that together, we can make a meaningful impact on the health of our planet and the communities we serve.

Learning Objectives:

- Review the problem of waste generated in healthcare settings, including dental facilities.
- Review how dental ethical principles and obligations of the dental profession intersect with the principles of environmental ethics.
- Explain the ethical obligation for dentistry and health care to adopt sustainable practices for the future.
- Discuss action steps to a more sustainable future.

Dr. Toni Roucka is a Professor of Developmental Sciences and Director of Graduate Studies at Marquette University School of Dentistry. Her undergraduate degree is in nursing from the College of DuPage. She received her DDS from the University of Illinois Chicago (UIC) and an MA in Bioethics from the Medical College of Wisconsin.

Dr. Roucka is a nationally recognized speaker on dental ethics and has numerous publications in peer-reviewed journals on ethics topics such as social media and dentistry, sustainability in health care, and narrative ethics. She also authors a regular ethics column for the Academy of General Dentistry Journal, General Dentistry.

REMEMBERING DR. DANIEL LASKIN

Dr. Daniel Laskin (DDS'47), a legend in oral and maxillofacial surgery, passed away on Dec 8, 2021.

Dr. Daniel M. Laskin received his DDS degree from Indiana University School of Dentistry and his MS degree in oral surgery from the University of Illinois. He also holds an Honorary Doctor of Science degree from Indiana University. In 2007, a large gift from Dr. Laskin established the annual Dr. Daniel Laskin Professional Ethics Lectureship at IUSD, which provides continuing education by highly regarded speakers on the ethical practice of dentistry.

While Dr. Laskin made many important contributions to the field of dentistry in his multifaceted career, he said he especially enjoyed his role as teacher. "If you leave a mark in the field, it's in the people you teach," he said. "They remember you and pass on the torch."

DANIEL LASKIN
PROFESSIONAL ETHICS LECTURESHIP

TUITION

Laskin and Hine lectures:
\$200 ACD Fellows | \$225 Non-Fellow Dentists | \$125 staff accompanied by the dentist. Includes lunch and study materials.
